Ohio Democrats In Convention At Columbus—Johnson Loses.

OPPONENTS IN CONTROL

The Only Concession the McLean-Killbuck Faction Will Make Will Be the State Tax Platform.

A DEMONSTRATION FOR JOHNSON

Columbus, O., July 10.—There have been lively scenes in the Democratic state convention today. Tom Johnson's delegates started a demonstration, but the state tax platform will probably be the only concession made to the Johnsonites by the conservatives, who are in full control.

The committee on organization yesterday afternoon, in order to expedite business, voted to make the entire temporary organization permanent.

The committee on resolutions stood 17 to 2 against special mention of five silver in the platform, in addition to endorsing the Kansas City platform. 13 to 6 against independence of the Kansas City platform without any further declaration of silver, 11 to 7 against reaffirming the Kansas City platform with the Johnson plank on state taxation. There were some who favored no reference to the Kansas City platform. No vote was taken, the tally on preference being secured from the speeches as each one was called on for his views.

The McLean-Killbuck element at the district meetings yesterday secured control of all the committees and accordingly have everything their way. They were so strongly in the majority that there was no friction.

The controlling element did not ride rough shod over the minorities in any of the districts, but when names were proposed for places on committees these were inquiries as to how they stood and if the replies were not satisfactory they were revised. In some cases as quietly as jurors and in others with ballots. The McLean-Killbuck element, while usually courteous, made no concessions. The old state committee met previous to the district meetings and gave the tickets of the McLean-Killbuck men where they were contesting delegations and they took all the districts except those which included Cleveland, in which under the new rule they could not control a vote.

Mayor Tamm L. Johnson who was in Brooklyn, called Charles P. Salter on the long distance telephone and had a talk with him regarding the plank on a revision of the taxation laws of the state. When Salter informed the mayor as to the situation and that the McLean-Killbuck men controlled the committee on resolutions, as well as all other parts of the convention's organization, Johnson advised Salter never to surrender, but to insist before the committee on resolutions and in the convention for the incorporation of the Cuyahoga plank, which specifically mentions railroads and other corporations as not bearing their full portion of the burden of taxation.

WANTS DIVORCE.

MRS. W. H. ELLISTON FILES SUIT AT NASHVILLE, ALLEGING ABANDONMENT.

Nashville, July 10.—A divorce suit filed in the chancery court of Davidson county, but which has never gotten into the papers, came to light today. The complainant is Mrs. W. H. Elliston, who was Miss Saline Jackson, daughter of then Wm. H. Jackson, of Belle Meade, against Wm. H. Elliston, member of an old and distinguished Tennessee family. Elliston shot and nearly killed his brother-in-law, Edwards Sinclair, near Russellville, Ky., winter before last, and soon after that affair skipped out. It is said he first went to Cuba and thence to England, where he now is, engaged in trap shooting exhibition for an English gun house. Mrs. Elliston charges desertion and non-support.

BIG PENSION BALANCE

Washington, D. C., July 10.—The report of the Commissioner of Pensions for the fiscal year just ended will show that the Commissioner will turn back into the Treasury \$5,000,000 as an unexpended balance of the amount appropriated for pensions. The total appropriation made by congress for pensions was \$110,000,000.

Mr. Evans stated that up to date there had been filed 45,000 claims for pensions arising from disabilities received by soldiers in the Spanish-American war.

Private sale of household furniture at 109 South Fifth Street.

MORE WARRANTS.

INSPECTOR GARDNER WILL SECURE THEM IN A DAY OR TWO.

The Digging Of a Well At the Home Of the Friendless Stopped.

Sewerage Inspector George A. Gardner stated this morning that he would today swear out warrants against several property holders who have been running water from their residences into the gutter, and thus, according to the allegations, been creating a nuisance. The Thompson laundry was fined \$20 last week, it will be remembered, and others who refused to obey the inspector's order to abate the nuisance will be tried.

Yesterday afternoon Inspector Gardner ordered work stopped on a well being dug at the home of the Friendless' new building, at Fourteenth and Burnett streets. The well, it seems, is being dug near the center of the building foundation, and if for other than drinking water purposes, is contrary to a city ordinance. He instructed the men to stop work, and if any objection were raised to send the superintendent to the city hall.

It was later reported to Inspector Gardner that the well is to strain the cellar into, and the work will be allowed to proceed. The intention to have a dry well on the premises, however, will have to be abandoned, as dry wells are contrary to law.

RENEGADES SURRENDER

DESERTERS FROM THE AMERICAN ARMY UNDER ARREST AT MANILA.

Manila, July 10.—There have been a number of additional surrenders in the U. S. Army. In all 59 officers and 63 men, with 298 rifles and 46 revolvers, have surrendered to him. Of the Ninth cavalry deserters Danzig and Rasmussen have surrendered and Hunter and Victor were brought in by Bellarmine.

IS IMPROVING.

OFFICER TOM POTTER HOPES TO RESUME WORK BY SUN DAY.

Officer Tom Potter, of the night police force, is still laid up from an injury to his right hand, received while in pursuit of a negro three weeks ago. He broke a finger or two, and his hand has been in a very bad condition, necessitating his laying off. He hopes to be able to resume work Sunday.

LAKE CONTEMPLATED.

IT IS SAID THAT A LARGE ONE WILL BE BUILT AT GRAND RIVERS.

It is reported that a big artificial lake will be built at Grand Rivers, Ky. A day or two ago about twenty acres of land near that place, suitable for a lake, was purchased from persons of Paducah and Smithland for about \$2,500, and it was said that it was to be used for the proposed lake.

The principal object in the lake, according to reports, is to have clear water for the wire manufacturing that is contemplated by Simmons & Co., of St. Louis. Grand Rivers gets its water supply from Tennessee river, and the water is said to be too muddy to be used in the manufacture of wire, etc. The lake will be constructed to supply clear water.

ASKS INDEMNITY.

CHINA WANTS HALF A MILLION FOR OUTRAGES AT BUTTE.

Washington, July 10.—The Chinese government through Minister Wu Tingfang, has filed a claim for indemnity to the amount of a half million dollars on account of alleged outrages against Chinese at Butte, Mont. There is a suggestion of Boxer outrages reversed in the presentation of the case to the state department, the treatment inflicted upon the Chinese at Butte being claimed to have been cruel and oppressive. The claimants number several hundred.

The outrages date back to 1898 and it is declared that the city council of Butte and the state courts upheld the rioters and the boycotters.

IN COUNTY COURT.

The Owens settlement case was not finished this morning and was continued and left open until tomorrow. S. Hodge was appointed and qualified as the administrator of the estate of the late J. M. Flannery.

A SMALL BLAZE.

The fire department was called to the Craig boarding house, corner Sixth and Monroe streets this morning about 5 o'clock to extinguish a small blaze on the roof. The fire originated from a spark flying out of the chimney and was put out before the department arrived.

MANY KILLED

Freight Wreck In Missouri Kills Nine and Injures Twenty-five.

CONTEST AT LOUISVILLE

Last Surviving Child of Ex-President Andrew Johnson Dies at Her Home in Tennessee.

BIG CROWD AT HOPKINSVILLE

PASSENGER TRAIN WRECKED. Kansas City, Mo., July 10.—A Chicago and Alton passenger train collided with a freight train near Butler, Mo., this morning, and nine persons are reported killed and twenty-five injured. The wreckage was burned and two bodies were burned in the debris.

TALK OF CONTEST.

Louisville, July 10.—T. L. Jefferson, defeated yesterday for the Democratic nomination for mayor, is talking of a contest against Grainger the winner.

DIED IN TENNESSEE.

Greenville, Tenn., July 10.—Mrs. Mary Patterson died this morning, child of the late ex-President Andrew Johnson died this morning at four o'clock burial Thursday.

GOOD ROADS CROWD AT HOPKINSVILLE.

Hopkinsville, July 10.—There was a big crowd at the Good Roads convention here. Beckham Broadbent and others spoke but McKenzie was ill and could not make his address. There are people from all sections and the Paducah delegation is enjoying itself very much. Mayor Lang, however, did not make a speech.

DRANK TURPENTINE.

Krisone Clark, a bolded woman living on the corner of Eleventh and Finley streets, drank a large quantity of turpentine last night it is alleged with suicidal intent, and came nearly by the life of Dr. Robertson was called and attended her. By hard work she was gotten out of danger, but her throat is badly burned.

LEAVE FOR REFORM SCHOOL.

Harry Sanders and Sydney Greer, the two colored boys who have been in jail for the past several months awaiting a vacancy in the reform school will be taken there tomorrow night by Deputy Sheriff Gus Rogers. They were sentenced to the reform school at the beginning of the criminal term of court for house-breaking but had to wait for a vacancy.

TURNED OVER TO JAILER.

Jim Drake, the colored youth, who drew a gun on Alex Hentelison several days ago and was fined \$25 in Judge Bryant's court last Friday, was handed over to Deputy Jailer Tom Keltie this morning by his bondsmen.

MAYFIELD LUNATIC.

MARSHAL McNUTT PASSES THROUGH WITH MARY WILLIAMS, COLORED.

Marshal Chas. McNutt, of Mayfield, passed through the city today at noon en route in the Hopkinsville asylum with Mary Williams, colored, who was adjudged a lunatic at Mayfield yesterday. The girl had been acting queerly for the past several months and her people finally found it necessary to try her for insanity. She is violent only at times.

IN COAL TRADE.

Cairo, Ill., July 10.—The towboat Oakland, owned by the St. Louis and Mississippi Valley Transportation company, has been sold to the People's Coal company of Pittsburgh. The deal was negotiated by J. M. Hammett of Pittsburgh. The towboat left for Louisville. She will be used in towing coal.

BOY MISSING.

Marshall Collins today received a letter from Jerome C. Richards, chief of police of Memphis, inquiring the whereabouts of a 15 year old boy, Grover T. Morgan, who disappeared from his home, 632 Georgia street, on June tenth, 1901. The boy was a printer by trade, and the marshal made inquiries at the newspaper offices thinking he might be found there, but met with no success.

MARRIED THE PITCHER.

Jeffersonville, Ind., July 10.—John B. Olson, Jr., manager of the Bloomer Girls baseball club, and Miss Clementina Bula, the pitcher, were married here yesterday. The ceremony was performed before the game, and at its conclusion the bride donned her bloomers and sweater and pitched an unusually good game. She lives in Chicago, but was born in Austria.

TOOK ALL.

ROBBERS HOLD UP A NEGRO AND GET HIS MONEY AND CLOTHES.

They Beat Him Up With a Brick When He Resisted.

John Reynolds, colored, who lives in Rowlandtown, is not anxious to meet any more highwaymen. He does not seriously object to highwaymen who are modest in their demands, but he is averse to any more highwaymen who take a man's clothes and all. This is what three white men did to him last night.

He was on his way home and near the powder magazine, on the Cairo road, the men stopped him and went through him getting what small change he had, amounting to a few dollars.

They then took his hat, and stripped him of all the clothes that he could reasonably spare. They used a brick on his head when he objected, and beat him up quite severely. When they had gotten about everything that was not tucked into him, they told him to run, and hit him a parting blow with a brick.

There is no clue to the identity of the thieves.

DIED IN LOUISVILLE.

SAD DEATH OF MRS. CLARENCE HALLAM YESTERDAY AFTERNOON.

Mrs. Clarence Hallam, whose critical illness was mentioned yesterday, died yesterday afternoon at her home in Louisville. Her lady died only two days before, at the age of five days.

Mrs. Datham and her husband left Paducah in 1897, and had since resided in Louisville. She was a most lovable woman, and was very popular in Paducah. She was formerly Miss Carter Wendle, daughter of Prof. Wendle, of the faculty of the University of Virginia, and was married to Mr. Datham eight years ago at Charlottesville, Va.

Mrs. Muscoe Burnett, sister-in-law of the deceased, left at 1:25 this morning for Louisville to attend the funeral, and Mr. Burnett will go tonight.

The funeral will be held in Louisville tomorrow.

NO MEETING.

SUICIDE QUORUM AT THE BOARD OF HEALTH MEETING YESTERDAY.

There was no meeting of the Board of Health yesterday afternoon, as there was not a quorum present. The meeting will be held Thursday afternoon and it is expected that all will attend. The Board will consider matters of importance, and redoubtless efforts, if necessary, to secure better sanitation.

MILLION GALLONS A DAY.

Cairo, Ill., July 10.—The largest flow of water from any artesian well in the state has just been struck here at a depth of 700 feet. The flow amounts to a million gallons a day, the water coming out in a stream twelve inches in diameter. It rises eighteen feet above the surface, and the water comes up through 300 feet of solid rock.

TOWBOAT OAKLAND.

Cairo, Ill., July 10.—The towboat Oakland, owned by the St. Louis and Mississippi Valley Transportation company, has been sold to the People's Coal company of Pittsburgh. The deal was negotiated by J. M. Hammett of Pittsburgh. The towboat left for Louisville. She will be used in towing coal.

MANY DAIRIES

There Are At Present For Ty-on In the County.

INSPECTOR HESSIG BUSY

He Says That There Are No More "Ticky" Cattle Brought to Paducah Since the First Quarantine.

MILK TESTERS EXPECTED SOON

Milk and Meat Inspector Hessig will tomorrow make an inspection of the dairies that are from four to seven miles from the city. There are a few dairies that are seven miles and a few still farther, and two or three not so far.

"It seems incredulous," said Inspector Hessig this morning, "but there are 41 dairies doing business in the city of Paducah. Most of them are near the city, and all of them are in the county, but it seems to me to be a very large number."

"We are getting along very well. I find that a great many improvements are being made as a result of the regular inspections, and others will no doubt follow."

The instruments to be used in the inspection or testing of milk will arrive next week, and then the inspection will be easier and more rapidly completed.

Inspector Hessig inspects all the cattle that are brought to Paducah by boat or train. He found soon after the passage of the new ordinance requiring an inspection, fourteen cows that were "ticky" and placed them in quarantine as soon as removed from the boat. Since then there have been no more brought here.

"It used to be that a great many 'ticky' cattle were brought to Paducah," he said this morning, "but the inspections have stopped it, and we do not expect to have any further trouble over them. The cattle brought here now are in nearly every instance sound, and I think that the system of milking had cattle on Paducah has been abandoned."

There are in Paducah and vicinity eighteen slaughter houses, and these are reported in the best of condition. The inspections are going on regularly, and there seems to be a great deal of sanitation among butchers and others who kill, to have the cleanest place. There has always been extended to the inspector every courtesy and every assistance possible.

SUITS FILED.

DR. JOHN HARRIS ASKS FOR \$1,000—SMALL SUIT ON ACCOUNT.

The following suits were filed in circuit court today:

W. John Harris, a St. Louis physician, against Mr. E. Rehkopf for \$1,000, claimed to be due him for professional services.

M. Livingston & Co. against Mrs. F. L. Peyton for \$105.00 on account.

FINED \$20.

JAMES SHERILL'S CASE SETTLED THIS MORNING IN POLICE COURT.

The case against James Sherill, colored, charged with assaulting his sister, Phoebe Mayberry, was finally settled in Judge Sanders' court this morning by the payment of a \$20 fine against the defendant. He was charged with malicious assault, but the evidence was insufficient.

James T. Clark and John Haffey were fined \$1 and costs each for drunkenness.

BOY MISSING.

Marshall Collins is unable to locate him here.

Marshall Collins today received a letter from Jerome C. Richards, chief of police of Memphis, inquiring the whereabouts of a 15 year old boy, Grover T. Morgan, who disappeared from his home, 632 Georgia street, on June tenth, 1901. The boy was a printer by trade, and the marshal made inquiries at the newspaper offices thinking he might be found there, but met with no success.

MARRIED THE PITCHER.

Jeffersonville, Ind., July 10.—John B. Olson, Jr., manager of the Bloomer Girls baseball club, and Miss Clementina Bula, the pitcher, were married here yesterday. The ceremony was performed before the game, and at its conclusion the bride donned her bloomers and sweater and pitched an unusually good game. She lives in Chicago, but was born in Austria.

NOTHING DONE.

HEALTH OFFICER GRAVES HAS HEARD NOTHING OF THE

Camp Meeting—The Petition to Have It Stopped Is Not Yet Reported On.

Nothing so far has been done in the colored camp meeting question recently brought up by the white residents of the vicinity of Ninth and Hickman streets. Health Officer Graves said that he was waiting on the action of a committee who were delegated to look after the affair and if the meeting was held to notify him and he would have it stopped. The affair originated by the white residents, complaint occasioned by their fear of smallpox if the meeting was allowed to be carried on. Mr. Graves said that he did not think the colored people were holding the meeting as he had heard no complaints.

MUCH INTEREST.

TEAM SHOOT FRIDAY PROMISES TO DRAW A LARGE CROWD TO THE PARK.

The team shoot Friday afternoon at La Belle Park between two teams from the Paducah gun club promises to be one of the most interesting of the club's many contests. Messrs. Ben and Moses Starr will compose one team and Mr. Hal Walters and a member to be selected later, the other. The purse will be quite large, perhaps as much as \$500, and the shoot will settle a long contested championship. It is expected that a large crowd will be out to witness the sport.

A PRINCE TO VISIT US.

Copenhagen, July 10.—Prince Christian, eldest son of the Crown Prince, intends to visit the United States on board his yacht in the spring of 1902, and in the meantime the King's yacht should bring about the accession of the Crown Prince. Prince and Princess Charles of Denmark also contemplated a trip to America in 1902.

CHARGED WITH MURDER.

Midland, Ky., July 10.—A warrant has been sworn out for "Johnnie" Martin, proprietor of "Half-way House" saloon, who is accused of murdering Martha White Martin. He has not been found.

GOOD WORK

The Board Of Health Will Insist On A Cleaner City.

WILL MEET TOMORROW

Those Who Use The Gutters For Sewerage To Be Prosecuted, Says Inspector Gardner.

THE PROSPECTS GROW BRIGHTER

The efforts of the Board of Health and Medical Society to secure a cleaner city and better sanitation are commencing on all sides. The Board has been much discouraged by the treatment it has received at the hands of the council, and some of them, it is reported, are again threatening to resign.

The Board was successful, after many months, in having a meat and milk inspector appointed, and is determined to effect other much needed reforms.

Due to the inactivity of the city authorities, however, some of the members are becoming too disgusted to attend the meetings of the board. Another meeting is called for tomorrow afternoon, and further action will probably be taken.

The plan of the city authorities has been to screen itself from public censure by the foolish contention that the sanitary conditions are good enough already. The board of health will demand something more satisfactory than such claims as these.

Health Officer Graves is doing good work, and so is President Robertson.

of the board, and in fact all of the members are. They are assisted by Sewerage Inspector George A. Gardner, who is perhaps as well acquainted with general sanitary conditions as any one in Paducah. In several localities where the health is menaced by foul water from residences, he has ordered the nuisances abated, and when there are failures to comply with the orders, warrants will be issued at once.

Judge Sanders has already demonstrated what may be expected in cases where the law is violated and little encouragement can be expected in that quarter by those who violate the law.

It is reasonably certain that a committee will be appointed at the next meeting of the council to investigate, as requested by the water company, the water supply, and take steps to settle this much discussed question.

Few of the aldermen that the Board of health has specified as being in an unhealthy condition have been cleaned, and judging from the board's report the sanitary officers are not doing their duty, or are unable to compel people to comply with the law. As few warrants have been issued, the presumption is that the officers are negligent, or else are incapable of discovering a nuisance.

The general prospects, however, are for a cleaner city.

The board of health invites the public to attend its meeting tomorrow night at 8 o'clock at Dr. Robertson's office. There will be no secret attending the discussions, and the board would be pleased to have anyone who desires to be present.

THE WEATHER.

Fair tonight and Thursday.

DEATH AT UNION CITY.

Union City, July 10.—J. S. Brown, one of Union county's most highly respected citizens and one of the most prominent and wealthy men in this section, died at a sanitarium in Cincinnati, and his remains will reach here this evening.

DAILY THOUGHT

Recognize God's coming kingdom in every institution and person that helps men to love one another.—William D. Witt Hyde.

TOO MUCH LAW MAKING.

None who give attention to the matter will deny that this country would be freer and happier if there were a few laws less. The law is the backbone of the nation. The lack of any such check puts on the people of every state, in every season, such a mass of restraints, that not the lawless but the law-abiding are troubled. Legislators are commonly political rather than statesmenlike, and they put into permanent form of law schemes for temporary and party benefit. Some times the laws are not even so wise as that, but are mere schemes for extortion. It cannot be that so many measures are needed to preserve the uprightness of a country that is naturally as upright as any in the world, yet it is a fact that over 20,000 pages of law issue every year from the legislatures of our states. We live in a riot of law making. It is a blessing that most of the measures are dead letters from the day of their enactment, yet it is a danger that any of them may be resurrected from the limbo of the forgotten and used to enforce an unjust demand or express a prejudice.

Lacking a national check or standard of law, the various states and the various townships of a state can be widely divided against one another. One could multiply, through hundreds of pages, the absurdities and inconsistencies for which zeal in law making is responsible, but it would not check their increase. That is best prevented by allowing the people to approve or nullify their laws. Initiative and referendum offer great possibilities, for if laws were submitted for final adoption to the people, they would, or if we could confine our legislatures to biennial performances of not more than sixty days' duration, there would be a measure of law, and the governing statutes would sit down to a few sensible measures. We elect men to make laws, but men who would accept office with the understanding that they were to make hundreds upon the books should be, and possibly would be, hurried into office by tumultuous majorities.—Saturday Evening Post.

Officials who do not desire to harrow the minds of the people by letting them know the true sanitary condition of a city should do something to improve it. It has been enough to have to acquaint the public with such a distressing state of affairs, but the conditions themselves are harrowing the people much more than the mere knowledge of them can. The only way to remove the distasteful officials to a proper appreciation of the public demands is by letting the subject and interesting the people to such an extent that official neglect will have to cease. Everything else has been unsuccessfully tried. We are all more interested in how many are going to stay here than in how many are going to stay away. We want all the good citizens we can get—but we also want to keep those who have.

The generous efforts of some of our esteemed contemporaries to place on The Sun the responsibility of statements made by reputable citizens over their own signatures, will hardly meet with any more than deserved success. As to statements it has made of Paducah's sanitary condition, The Sun has had ample authority, and is backed up by both the board of health and the medical society. It will be generally conceded by intelligent citizens that these two organizations know a little more about the sanitary condition of Paducah than some of the officials who are so ever ready to resent any effort to secure better sanitation.

The Alabama constitutional convention is still juggling along on the amendments. It has stricken from the bill of rights the provision that no restraint shall be placed on suffrage on account of race, color, or previous condition of servitude. An effort to insert a provision that three-fourths of a jury could render a verdict in civil cases was voted down.

It was alleged that this was introduced by opponents of corporations. The convention declined to include a prohibition of convict flogging in the prisons.

Rear Admiral C. G. Cowlishield, chief of the ocean of navigation, has issued a statement, in which he has mentioned the numerous questions who wrote the celebrated dispatch to Dewey to proceed to Manila and sink the Spanish fleet. He wrote it himself, but says the credit for having given the order belongs to President McKinley and Secretary Long. The word "capture" or "destroy" was added to the original dispatch. But no matter who sent the dispatch, Dewey did the work.

In telling a few things that the Republican party has done, the Chicago Chronicle forgot to mention the important fact that it has run the government for about forty years on a stretch, with the exception of a couple of sorrowful interruptions when the Democrats succeeded in demonstrating that they didn't know about governing a nation. If the Republican party is such an awful thing, it is rather strange that the people of the United States are so long in finding it out.

Ex-Governor W. S. Taylor's many friends in Kentucky, as well as elsewhere, will sympathize deeply with him in his latest and deepest trouble, the loss of his wife (Mrs. Taylor) who has had a great deal to contend with the last two years, and his present bereavement comes as a sad climax to his troubles. He is left with seven children, and is forced by the men who have been bounding him for over a year, to bury the remains of his loved wife in another state.

The girl artists of Paris have no problem about them. When it comes to drawing male models the superior talent of one of the academics suggested that they be posed in bathing attire, but the young ladies' artistic instinct overcame their scruples, and they demanded the same treatment accorded girl students in medicine, and their demands will be acceded to.

Another argument in favor of paying our consuls more is the recent resignation of Consul General James G. Stone, who gave up his position at Cape Town because the salary, \$3,000, was too small to properly maintain the dignity of the place.

Ex-Secretary of the navy Herbert, says the Globe Democrat has shattered his chances with the Democratic party by coming out in favor of independent voting and honest elections.

MEETING CALLED.
DEMOCRATIC COUNTY COMMITTEE WILL MEET JULY 20 AT THE COURT HOUSE.

Chairman J. E. Potter, of the county Democratic committee, has called a meeting for Monday afternoon, July 23, at the county court house for the transaction of important business, which is supposed to be the election of a chairman.

Considerable discussion has been created in the committee ranks as a result of the lively session day before yesterday and some of the members resent the claims that they are trying to run things. Secretary Eaton claims that he called the meeting of the in stance of Mr. Clem Whitcomb, representative of the state central committee, and Mr. H. G. Caldwell, chairman of the committee.

Col. Caldwell says he had thought Mr. Potter was chairman all the time, but there had been some talk of his being ineligible to hold the place, and he suggested the committee meeting to settle the question.

UNUSUAL CASES.
BLIND MAN WHO STOLE, DEAF MUTE WHO SPOKE.

Atlanta, July 10.—A blind man charged with stealing a day by night and a deaf mute accused of causing a woman were two apparently paradoxical cases tried before Recorder Dryden.

The evidence failed to show that A. Pope, the blind man, was innocent of the accusation of appropriating and carrying off the day, and he was bound over for further hearing.

The deaf mute, Mary Freeman, forced witness, Ella Giverton, vehemently declared that the speechless and unhearing Mary had cursed her in signs, Judge Dryden's credulity could not stand so strong a tax and he dismissed the case.

GOOD CONDITION.

NATIONAL BANKS ARE REPORTED IN A MOST PROSPEROUS STATE.

New York, July 10.—Controller of the Currency Davies is quoted by the Washington correspondent of the Press as saying relative to the condition of the national banks of the country:

"The latest detailed reports received from the national banks of the United States indicate an unusually high degree of prosperity. The condition of the national banking system can be taken as a practical barometer of the industrial and commercial condition of the country generally, and therefore the favorable showing now being made by these institutions indicates clearly that every branch of American trade and industry is flushed to a correspondingly high degree."

The resources of the banks are greater than ever before in the history of the national system, and the condition of the banks generally is satisfactory.

The present condition of the banks stands out in strong contrast against the dark background of the condition that prevailed some seven or eight years ago. In 1893, for instance, the record for bank failures was reached, when thirty-eight of the national banks went permanently into the hands of receivers. During the first six months of the present year only seven banks have failed, while during the entire year of 1900 only five went under.

HAY RETURNS

HE NOT EXPECTED TO STAY IN WASHINGTON OVER A WEEK.

Washington, July 10.—Secretary Hay returned to Washington this morning from his New Hampshire home. He was driven directly to the State Department, and was closeted or some time with Acting Secretary Hill and Assistant Secretary Alce. It is believed that the business that calls Secretary Hay in Washington is principally personal in nature, and that he will not be obliged to remain here beyond this week.

NEW HOUSES.

MR. RICHARD HOLLAND TO BUILD EIGHTEEN ON WEST TRIMBLE.

Mr. Richard Holland, of West Trimble street, is soon to begin the erection of eighteen cottages on West Trimble street and Bertham avenue. Some of the work has already begun, and the houses will probably be completed in a few weeks.

NOT CERTAIN.

WHERE THE STATE GUARDIAN CAMPMENT WILL BE HELD.

Frankfort, Ky., July 10.—The annual encampment of the State Guard will begin about August 1st next, instead of July 2nd, as heretofore stated, and it may be held at some other point than Grayson springs. Acting Adjutant General Hales and Mr. J. E. Allen, of Lexington, will, in the next day or two, go to Shelbyville and Henderson to inspect the camp sites offered, and the camp may be located at one of these places.

TO ALL PERSONS HAVING FARMING, TIMBERED, OR MINERAL LANDS, OR WATER POWERS FOR SALE.

The Nashville, Chattanooga & St. Louis Railway proposes to use its best efforts to induce a good class of immigrants to settle in territory contiguous to its lines and to engage the attention of capitalists seeking manufacturing sites or mining property. It therefore solicits the support, cooperation and the assistance of the people of every county through which its lines pass. The management earnestly requests that all persons who have farms for sale or lease, those who have timbered lands, water powers or mineral lands for sale, will send a brief description of the same to the railroad agent nearest them, giving the prices and terms of sale. The prices must correspond with the prices asked of local buyers. The management does not propose to bid in selling land to immigrants at exorbitant or speculative prices.

Large tracts suitable for colonization, at low prices, are especially wanted.

J. H. KILLENBREW,
Industrial and Immigration Agent,
H. F. SMITH,
Traffic Manager, Nashville, Tenn.

THE KING MERTS ROSEBERRY

London, July 10.—Lord Roseberry came to London today and was received in audience by the King at Marlborough house. The public announcement of his visit to his majesty so soon after the former premier's return from the continent, where he arrived Sunday, excites much comment. In view of the political situation. At the same time, well informed persons point out that it is extremely unlikely that the King will in any way attempt to interfere in what is after all wholly a family quarrel of the Liberal party. Several recent occurrences, however, articles in weighty reviews, etc., seem to point to an organized effort to bring Lord Roseberry back into the political arena.

Thos. W. Carter of Ashbury, N. C., had kidney trouble and one bottle of FOLEY'S KIDNEY CURE effected a perfect cure and he says there is no remedy that will compare with it.

J. C. Gilbert.

CHEAT SINGER COMING.

London, July 10.—Maurice Grau has just signed a contract with Mme. Marcella Sembrich by which he has secured her services for his entire tour during the coming winter. Mme. Sembrich, with Mr. Maurice (Grau's) Opera company, will visit many cities in which she has not appeared.

Mr. Grau is also negotiating with Miss Sybil Sanderson and Mme. Edith Leeman, their own troupe and M. Edmond de Reszke. Doubtless all these artists will be secured by him for the coming season.

WHAT TWO CENTS WILL DO.

It will bring relief to sufferers from asthma or consumption, even in the worst cases. This is about what one dose of FOLEY'S HONEY AND TALCUM costs. Isn't it worth a trial?

J. C. Gilbert.

PLEASANT FISHING PARTY.

Among those who went to Illinois on a fishing trip this morning were the following: Mr. and Mrs. John Leiber, Misses Nora River, May Hill, Laura Potter, Clara Boyer and Nell Blech and Messrs Charles Rottgering, John Forley, J. D. Walbee and Stoddard Robertson.

The greatest healer of modern times is HANNAH'S SALVE for cuts, wounds, sores, ulcers and all skin diseases. It is guaranteed. Use no substitute.

J. C. Gilbert.

PRACTICE SHOOT.

Another target shoot was held by the Gun Club yesterday afternoon at La Belle park, and the scores were as follows in the ten double match: Dr. Carter, 1, out of 20; W. E. Gordon, 16; Hart Brown, 15; Moss Starr, 16; Henry River, 15; W. A. Davis, 12.

Dr. Ewing, a practicing physician of South Grove, Ky., for over thirty years, writes his personal experience with FOLEY'S KIDNEY CURE: "For years I have been greatly bothered with kidney trouble and enlarged prostate gland. I used every thing known to the profession without relief until I was induced to use FOLEY'S KIDNEY CURE. After using three bottles I was greatly relieved and cured. I prescribe it now daily in my practice, and heartily recommend it to all physicians for such troubles. For I can honestly state I have prescribed it in hundreds of cases with perfect success." J. C. Gilbert.

GRANDER WON.

Lexington, July 10.—Charles E. Granger wins the Democratic nomination for mayor over T. L. Jefferson two to one. It was the quickest primary ever held in Louisville.

Mr. John Tipton, Colton, O., says: "FOLEY'S HONEY AND TALCUM cured my little girl of a severe cough and inflamed tonsils." J. C. Gilbert.

ASK HIGHER WAGES.

Louisville, July 10.—The L. and N. shop employees, twelve hundred in number, have petitioned for an increase in wages. They mention so stipulated sum but depend on the generosity of the company. They do not threaten a strike.

Any advertised dealer is authorized to guarantee HANNAH'S SALVE for better, eczema, piles, sprains, scabs, burns, ulcers and any open or old sores.

J. C. Gilbert.

DEATH AT CADIZ.

Cadiz, Ky., July 10.—W. B. Thomas, a pioneer citizen of Cadiz, died yesterday.

Science has found that rheumatism is caused by uric acid in the blood. This poison should be excreted by the kidneys. FOLEY'S KIDNEY CURE always makes them well. J. C. Gilbert.

CHARGES FALL THROUGH.

Hopkinton, Ky., July 10.—Inspector Hines' investigation is about concluded and it is believed that Dr. McCormick's charges against Lackey have fallen through.

James G. Anhalt, of Delta, O., writes: "I had an obstinate sore on my face which everything else failed to heal. After one application of HANNAH'S SALVE it began to heal and after three applications it was entirely healed leaving no scar." J. C. Gilbert.

HITCH IN THE DEAL.

The Fulton leader says there is a hitch in the deal for the Fulton Telephone company, reported tonight by the Cumberland county for \$28,000, and it may not be made.

LISTEN! LISTEN!!

We have now got our stock complete and arranged in our new building, No. 124, 126, 128 and 130 South Third Street. THE RIVER NEWS.

Observations taken at 7 a. m. River 10.8 on the gauge, a fall of 0.8 in last 24 hours. Wind southeast, a light breeze. Weather clear and pleasant. Temperature 70. Fall Observer.

River continues to fall here, with 10.8 on the gauge this morning. Business very good on the wharf for two or three hours this morning, but grew very dull until about two or three o'clock this afternoon when it revived again.

The City of Pittsburg was to have left Cincinnati tomorrow morning for Memphis, but as she got out of "whack" again below Louisville, she is making her way to Cincinnati on one wheel and will not be able to leave Cincinnati before next Saturday.

The Tennessee is the next boat down from Tennessee river. She will report tomorrow evening.

The Sunshine leaves Memphis this afternoon for Cincinnati and is due here next Friday.

The City of Memphis leaves St. Louis for Tennessee river at 5 o'clock this afternoon.

The Barrett line towboat Beaver is said to be at Cairo to undergo a thorough overhauling and repainting. When ready to resume her trips she will be one of the best towboats on the river.

A battery of five coal boilers is being replaced by a battery of four forty-two inch boilers, each with six ten inch lap welded telescoped flues, thus saving about 100 hundred of coal every day she runs and reducing the force in handling the fuel. She will also have a new and modern electric light plant and is otherwise generally improved. The Beaver and T. H. Davis are the running mates of the Barrett line and are always busy.

The Eva Alma left here yesterday for Illinois river.

Who river towboat pilots are growing scarce every month. A number of good pilots have died during the year and the large number of new tow boats being built will increase the demand next season.

The Woolfolk left for Memphis today with a tow of coal for the Paducah Coal and Mining Co.

There were 36,000 sacks of wheat discharged at St. Louis by steamboat last Monday.

The Dick Fowler had another big wheat trip leaving here this morning for Cairo at 5 p. m., also a good trip of people.

The Clyde leaves this evening for Tennessee river. She will be late in getting out on account of being detained on the ways for repairs.

The dry docks will be as good as new when the repair work is completed this week.

The H. W. Burdett left this afternoon for Nashville with all the load now she can handle on the present stage of water.

REMARKABLE CASE.

WOMAN RECOVERS \$5,000 FROM HER OWN SON

Lexington, Ky., July 10.—In the circuit court here Mrs. Rachel King was awarded judgment against her son, Albert C. King, for \$5,000.

The case is one of the strangest the judge declared, in his experience. The evidence showed that the woman had made her money by daily toil, beginning years ago in Estill county as a washerwoman, and that her son had taken it all from her, sending her back to Estill county without money and with few friends. The farm in this county has just been sold and she will get the money instead of her son, to whom she had given the property.

VERY ILL.

LINEMAN J. W. O'BRYAN RECEIVES BAD NEWS OF HIS FATHER

Lineman J. W. O'Bryan, of the Postal Telegraph company, received a letter from relatives in Madisonville, Ky., today stating that his father, Rev. John O'Bryan was very ill and not expected to live. The patient is now 73 years of age and exhibits remarkable energy in his health. Mr. O'Bryan will go to that city to attend the bedside if no better news is received today.

BUILDING CONTRACT.

Sealed bids will be received by the building committee of Odd Fellows and Masons for the erection and completion of office and lodge building, according to plans and specifications on file at the office of the architect, Winston H. Davis, Paducah, Ky. All bids to be in on or before the 15th day of July, 1901.

Each bid must be made out on form furnished by the architect and accompanied by a certified check for 1 per cent of total cost of building, made payable to Chas. Weller, Treasurer of the said building committee, to be forfeited to said board if the bidder whose bid is accepted if he fails to sign contract and execute bond for the faithful performance of his contract.

The right is reserved to reject any and all bids.

Signed: F. W. KAMLEITER, Chairman Building Committee.

TOUGH ON REPORTERS.

Mr. J. Pierpont Morgan is an important man from the standpoint of the metropolitan newspapers, according to the Philadelphia Post. Undoubtedly, however, he has much less use for the newspapers than they have for him, and the result is not at all ways happy for the unfortunate reporters who are sent down to drag information out of him.

Mr. Morgan has, toward all persons whom he doesn't want to see, a manner that is calculated to chill cast iron. Naturally, an assignment to interview Mr. Morgan is not hailed with joy by a New York reporter, and the city editors usually send their newest men on this mission, because they will not be aware of the terrors that lie before them.

A new reporter was sent down to Mr. Morgan's office shortly before that gentleman had called for Europe. By some chance, none of the office boys and other attendants who guard the entrance to J. P. Morgan & Co. were on hand when this intrepid reporter arrived on the scene. He had never even seen the financier, but from the pictures published in the papers he quickly recognized him in the person of a man who sat at a big roll-top desk behind a plate glass partition in one of the big offices. The man was doing something at his desk, but what it was the reporter couldn't see. However, as there was no one to interfere, he walked back, full of the confidence of his profession.

Mr. Morgan was eating apple pie, and drinking milk out of a huge glass, and was so intent upon his quest that he didn't notice the reporter until the latter stepped forward with a bow, saying:

"I beg your pardon, Mr. Morgan. I didn't know you were busy."

Surprise at the unexpected intrusion evidently mastered Mr. Morgan. For a moment, for, instead of turning fiercely on his caller as he is wont to do on those who come without being asked, he said in a tone of cold sarcasm:

"Oh, I'm not busy; don't mind me."

just in the act of ringing the bell when he perceived a yellow object hanging on the end of the porch. He ran down the steps onto the gate, and never stopped until he arrived at a doctor's office. He rushed in, laid his arm and was hastily vaccinated.

He then started down Broadway in forming his acquaintances that Miss Blank has small pox at her home. The report got circulated, and to test the truth of the young man's statement a friend went to the young lady's to investigate. He found hanging on the telephone wire near the end of the porch a kite made of yellow tissue paper, and this is what the young man saw and took for a small pox flag. The kite made him so what he had been dreading for several months—got vaccinated.

OBSERVATIONS

....at Random

COMPENSATION

Blessed are those who get away. Blessed also those who stay. For those who go spend all—alack—The others have no trucks to lack.

If you want a bust or statue of yourself you need no longer feel obliged to go to a high priced sculptor and contract for it regardless of expense. You can have the thing done by mechanical process, says an exchange.

The machine sculptor will place you on a pedestal which revolves, and will turn you slowly around while he takes a series of photographs of you with a fixed camera. As a result he will have views of yourself from every standpoint, and then it only remains to convert the pictures into the portrait in marble that is desired. There is no preliminary model in clay. A piece of marble of the necessary size is provided, and the outlines of the first photograph, with suitable enlargement, are traced upon the stone, a process being used that makes accuracy certain. Then the stone is revolved a certain distance, so as to record mathematically with the view taken in the second photograph, and the operation repeated. This is done with all the photographs successively, the chisel doing its work mechanically, until a replica of yourself is produced in the marble. Though the process is in the main mechanical, some artistic skill is required. The outlines are well reproduced in the manner described, but such details as the ears and the hair must have treatment with the chisel.

A small boy scared several passengers on a thorough excursion boat several days ago into "seven kinds of it." A number of the little fellows were in bathing at the wharfboat and furnished much amusement to the passengers who were watching them. One little fellow was a big diver and had made the jump of the top of the boat several times. He climbed up the wheel of the boat and reached the roof. Some one remarked on the danger to the high diver and the boy heard them. He then devised a method to give them a good fright. He dived off and alighted close to the wharfboat, shooting into the water with great force. Everybody was watching for him to come up but he did not rise. A shout of "drowned boy" was raised and in a few minutes the whole river population was at the wharf to see the trouble. Just as several men started to get a boat and grab hooks to drag for the body, a shout was heard, and on glancing up the supposed drowned boy was seen standing on the roof ready to make another dive. He had the laugh on the crowd. When he struck the water he made a rapid turn and dived under the boat's wheel, coming out on the opposite side of the boat unseen by the watchers.

A well known young man of the city is the victim of compulsory vaccination. He had a date to call on his best girl one night and arrived at the house shortly after dusk. He was
